

Stretch Wrapper

PKG»

Everything you want in a Stretch Wrapper

- >> **Dual Speed Control Carriage**
Faster speed up for stabilizing irregular profile loads; slower down speed for securing load
- >> **Self Diagnostics**
Built-in troubleshooting self diagnostics
- >> **Powder Coated Paint**
Why should your stretch wrapper look used up after a year of usage? Plus powder coated paint helps eliminate ozone depleting VOCs
- >> **Market Leading PLC**
Reliability and nationwide accessibility are just two good reasons we use Allen Bradley PLCs
- >> **Shhh... Quiet**
Don't add to the din of your operation. No clanging chains or noisy casters here.
- >> **Lifetime Guaranteed Pre-Stretch Rollers**

How would you like to test drive it for two years?
For Free!

Use this State of the Art Wrapper Totally Free for 2 Years. Just ask!

We're so confident you will discover more productivity, efficiency, and performance in our Stretch Wrapper that we are willing to make this deal:

The Deal
